

Version 5.1.9.1699

Release date: 17/10/2025

New functionalities

- New pod "CosterCustomDashboard"

Improvement

- Revision of the CosterWizard pod with improved graphical interface
- Improved firmware/application update on Z series

Problem solved

- Fixed bug on CosterConfig (the 'select all' feature also acted on results not included in the filter)
- Fixed bugs on X series equipment
