

ROOM CONTROL

LCF ...

APPLICATION

- Multi-purpose room with power supply 24 V AC.
- The module is provided with an RS 485 port that makes communication possible through the Modbus protocol.

Code	Description	Data Sheet
LCF 363W	Hot/cold unit for 2- or 4-pipe fan coils with 3 analogue outputs 0...10 V DC (EC fan, heating valve and cooling valve), 2 digital outputs for E/I switching, ModBus port, white	–
LCF 364W	Hot/cold unit for 2- or 4-pipe fan coils with 2 analogue outputs 0...10 V DC (heating and cooling) and 3 relay outputs for controlling a 3-stage fan, ModBus port, white	–
LCF 771W	Hot/cold unit for fan coils with 5 relay outputs (2 for On-Off valve control, 3 for 3-speed fan control), ModBus port, white	–
