

ROOM SENSOR FOR WALL INSTALLATION FOR CO2 TEMPERATURE AND HUMIDITY DETECTION

SAC 002

GENERALIDADES

- Room sensor for wall installation for CO2 temperature and humidity detection in MODBUS and M-bus protocol.
- Temperature detection and transmission on NTC resistive output 10k. Measurement detection on 0-10V outputs.
- Power supply 12 ÷ 24V AC/DC

Download driver to update software SAC 002 (only with the login)
